

E-safety at Bowden House

We have an extensive range of ICT equipment and gadgets. To help everybody stay safe within the school and outside areas our computer system network has various safeguards. Internet access is rigorously screened and any form of abuse can be tracked. The wireless network is only accessible using secure login protocols.

There is an extensive amount of information available to organisations and their communities. The following sites will meet the needs of most organisations.

- 1) London Grid for Learning (LGfL): <http://safety.lgfl.net>
- 2) Kent Trust Web: www.kentrustweb.org.uk/Children/safeguards_esafety.cfm
- 3) Childnet: www.childnet-int.org/
- 4) UK Council for Child Internet Safety: www.dcsf.gov.uk/ukcccis/
- 5) Cyberbullying: "Supporting School Staff" can be found at: <http://www.digizen.org/teachers/>
- 6) The Ofsted report "The safe use of new technologies" can be downloaded from: <http://ofsted.gov.uk/resources/safe-use-or-new-technologies>
